

Can I send packages to my sponsored child?

Due to high postal charges, loss, theft and damages, we do not accept packages. Instead, you could perhaps enclose stickers and ballons in your letter. We encourage sponsors to give additional monetary gifts to their sponsored children for special occasions, to address specific needs or simply as an act of love. Local project workers purchase gifts on behalf of the sponsors and make certain that these funds are used appropriately. As a guideline, we ask sponsors to keep these contributions upto £10 /€15 for each child and limit their gift giving to twice a year.
