Prayer is a spiritual crucial link between sponsors and the children they help. As you find out more about the living situation of your sponsored child or family, you may be led to pray for specific needs in their lives.

In addition to this, your prayers for the health, safety, education and spiritual development of your child are important. Sponsored children are greatly encouraged when they hear that their sponsors are praying for them.

A sponsored child is grateful to God for the gift of a sponsor in his or her life, and therefore together with his or her family and the church, join in prayer on behalf of the sponsor. And finally, we at VOCORI count on your prayers to enable us to be faithful stewards accountable to our Master and also to succeed in our assignment.
